## MUNTIGUNUNG DEVELOPMENT PROJECTS

### CURRENT SITUATION

#### *Project Area: Muntigunung (northeast Bali)*

- 28 sq km, 34 hillside villages, population 5,500
- Exceptionally dry, little rainfall, no springs or rivers
- Collection of fresh water from the coast or Lake Batur is transported by foot, which takes a minimum of five hours per day

#### *Substantial poverty throughout the area*

- Average income IDR 100,000.- per head/per month which does not cover for consumption of 2,100 calories per day to guarantee healthy development
- High mortality rate, malnutrition, no education, begging activities in big cities, no future or perspectives for children

#### *The Objective of the Future for Children Foundation/ Yayasan Masa Depan untuk Anak-Anak*

(A Swiss-Indonesian Non-Profit Organisation) is to support this poor region by sustainable development projects with the following priorities:

- Water Supply in 34 villages
- Livelihood Development - the generation of sustainable income
- Education for all children

### WATER SUPPLY PROJECT

- Renovation of existing family water tanks
- Construction of big communal water tanks
- Construction of big rainwater catchment roofs with multifunctional & strategic purposes (meeting places, schools and production centres)
- Education of the population to SODIS (water purification method)

### LIVELIHOOD DEVELOPMENT PROJECT

*Will improve the livelihood of this area by helping to:*

- Produce high yield products during the dry season
- Improve production & sales processes of cashew nuts & palm sugar
- Introduce new not yet known products such as Hibiscus flower tea
- Add other income generating activities such as trekking from Songan to Muntigunung

### EDUCATION PROJECT

- Will only start once the water supply is secured & the livelihood development project is well underway

### Timeframe

- The goal is to develop 4 to 5 villages per year

### Funding of the Muntigunung Development Projects

- Funding is mainly done in Switzerland, while local businesses in Bali support the projects greatly by purchasing products from Muntigunung & by promoting activities such as trekking
